SCREENS

Outdoor living, indoor comfort

Top left: High quality components ensure smooth operation.

Top right: Available in a variety of colours and wood grains to suit your décor.

Bottom left: Blackout fabrics are perfect for keeping sunlight out.

Bottom right: Serene screens suit most window applications including roof vents.

Let fresh air into your home without insects

Enjoy uninterrupted views and natural ventilation in your home combined with protection from insects and the harsh glare of the sun. Suitable for most window types, Serene screens can be fitted with a range of performance fabrics to suit your needs, including insect and solar meshes and blackout fabrics.

The frame of the screen holds the fabric securely in place so there are no gaps around the edges. Plus, Serene screens are child safe with no cords or dangling strings.

All screens are professionally installed by your local design and fitting expert so you can rest assured that they will look great and work perfectly.

FEATURES

Fits most windows including casement, sash, tilt and turn and velux.

The soft close system ensures screens slide back gently.

Low profile housing blends in with your existing window frame.

Inherently child safe with no cords or strings.

Professionally fitted to the highest standard.

Mechanical components covered by Phantom Lifetime Warranty.

PERFORMANCE FABRICS

Serene screens can be fitted with a range of technical fabrics to suit your requirements including standard and anti-midge insect meshes, solar shading and privacy/blackout fabrics.
